

We will pick up from the following schools for Kindergarten (5K) thru 5<sup>th</sup> Grade:

Briggs Elementary  
Carver Elementary  
Delmae Elementary  
Greenwood Elementary  
Lucy T. Davis Elementary  
McLaurin Elementary  
Royall Elementary  
Savannah Grove Elementary  
Theodore Lester Elementary

We DO NOT pick up from any middle schools.

Our program hours are from 2:45 pm until 6:00 pm. Pickups after 6 pm receive a late fee.

When students arrive, they will be provided with a healthy snack, homework time, and play time. Once a week, they will be allowed time to swim. Students are placed by their grade, as we refrain from mixing grades. When school is out, we are typically still available for your childcare needs. This includes intersession weeks for an additional fee.

This school-age program offers an enriching environment with fun activities, specially designed to enhance the development and self-esteem of school age children. The program is structured to address the interests and development levels of children in kindergarten through 5th grade. Our Y program is based on choice so children gain independence and have the freedom to learn more about what interests them.

The after school program:

- Provides bus transportation from school
- Encourages choices from a variety of fun, hands-on, age-appropriate activities
- Features opportunities for socialization
- Encourages sports and physical activities

Homework time is a scheduled part of our daily schedule. While we offer guidance and assistance to children, we cannot provide independent tutoring or one-on-one homework time or attention.

Program activities include: Brain teasers, cool science experiments, games, puzzles, computer challenges and writing...a great place to work on homework, too! The hands-on activities are based on enriching academic programs, educationally based in thematic units, and fun to do! Plenty of activities to burn off steam, shoot some hoops, swim all year, play a game with friends or just challenging themselves to do their personal best. Opportunities to perform plays, play musical instruments, sing, dance and express themselves in a variety of creative ways for young artists, architects and other expressive, creative minds. There's painting, crafts, building materials and more! There's also opportunity to spend quiet time or catch up with friends. It's the next best thing to being at home.
